

SARAVANAN DURAI

📞 +91 9123590396 | ✉️ saravanandurai.officialid@gmail.com | 📍 Chennai, India

PROFESSIONAL SUMMARY

Full Stack Developer with 8+ years of experience specializing in **Angular, React.js, and Node.js** for building scalable, high-performance web applications. Strong expertise in developing dynamic user interfaces, designing REST APIs, and optimizing application performance. Experienced in delivering enterprise and product-based solutions across telecom and banking domains.

TECHNICAL SKILLS

Frontend: Angular, React.js, HTML5, CSS3

Backend: Node.js, Express.js, Java, Spring Boot

Languages: JavaScript (ES6+), TypeScript

Databases: MongoDB, MySQL

State Management: Redux Toolkit

UI Frameworks: Material-UI (MUI), Bootstrap, Tailwind CSS

Tools: Git, Bitbucket, Postman, VS Code

PROFESSIONAL EXPERIENCE

IT Analyst – Tata Consultancy Services

Aug 2022 – Present

- Developed scalable applications using **React.js and Node.js** for telecom platforms
 - Built reusable UI components and optimized frontend performance
 - Designed and integrated REST APIs using **Node.js and Express.js**
 - Collaborated with cross-functional teams in Agile environment
 - Ensured code quality, maintainability, and best practices
-

Programmer – Kumaran Systems

Oct 2020 – Jul 2022

- Developed responsive applications using **React.js and Angular**
 - Implemented new features and enhanced UI/UX
 - Integrated backend services using **Node.js APIs**
 - Improved application performance and scalability
-

Earlier Experience

Matrimony.com | Talent Maximus | K2B Solutions | Comodo Security Solutions

- Developed web applications using JavaScript, Angular, and backend technologies
- Worked on UI development, debugging, and maintenance

PROJECTS

Car Rental Application – ID Verification System (Avis Budget Group)

Tech Stack: Angular / React.js, Node.js, Express.js

Responsibilities:

- Developed secure online ID verification workflow for car rental onboarding
- Integrated third-party identity verification service (Onfido)
- Built responsive UI for document upload and verification status tracking
- Designed and consumed REST APIs for seamless frontend-backend communication
- Ensured data validation, security, and error handling during verification process

Golden Product Saudi telecom (Saudi Telecom Ltd)

Tech Stack: React.js, Node.js, Express.js, Material-UI

Responsibilities:

- Developed high-performance UI for telecom systems
- Integrated APIs and ensured scalability
- Improved application responsiveness and maintainability

CFL Lead Management (Community Fiber Ltd)

Tech Stack: React.js, Node.js

Responsibilities:

- Built reusable React components
 - Implemented new features and UI improvements
 - Optimized frontend performance
-

ID Verification – Student Portal (CIBC)

Tech Stack: Angular, Node.js

Responsibilities:

- Developed secure and responsive UI using Angular
 - Built and maintained REST APIs
 - Integrated third-party verification services
-

Migrant Worker Platform (CIBC)

Tech Stack: React.js, Node.js

Responsibilities:

- Developed UI and backend services
 - Mentored junior developers
 - Improved performance and code quality
-

EDUCATION

Master of Computer Applications (MCA)
IFET College of Engineering, Anna University – 2016

CERTIFICATIONS

Certified React Developer – 2023

ACHIEVEMENTS

- Special Initiative Award – Tata Consultancy Services
- Winner – TCS Security Quiz
- Mentored junior developers
